MONOTEC 370 IS IDEAL FOR:

- ✓ Shade Structures – Umbrellas
 - ✓ Shade Sails – Carpark Covers
 - ✓ Frame Canopies – Facades
- ✓ Truck Tarpaulins – Windbreaks
 - ✓ Large Pergolas – Architectural Awnings

Introducing the strongest shade mesh on the market! Monotec 370 has been specifically developed for ultimate sun protection and longevity. This means your shade structure maintains its usefulness and remains looking great for years longer than those made with other fabrics. Also, as the widest shade cloth available, your Monotec 370 sail or structure is more aesthetically pleasing due to the reduction of unattractive seams.

Developed in Australia, Monotec 370 is 100% Australian owned and made. Manufactured using only the highest quality raw materials, you can be assured that the fabric is engineered to outlast other products. Monotec 370 can be used in virtually any situation where high UV protection is required. When you need top tier sun protection, look no further than Monotec 370.
